## PLEASURE IN READING

### Request a bag full of books for your child

Are you looking for reading books for beginner readers, but are you not sure which titles are appropriate? Or are you looking for beautiful picture books or books for older children?

With [this](#) form you can request a package and pick it up at the Witte Dame. We will make a suitable selection for you, so you can quickly enjoy beautiful books again.

Do you only own a school library card? Then request a card from the Witte Dame via the link. This is free for children up to the age of 18.

## MEDIA LITERACY

Looking for reliable information for a paper, research or presentation? Start your search at [jeugdbieb.nl](http://jeugdbieb.nl)

This is a search engine for elementary school children that contains resources such as Het Jeugdjournaal, Schooltv and Het Klokhuis. These texts are appropriate for children. This way they will find the correct information faster and it's more reliable than only using Google as a search engine.

## TIP FROM THE LIBRARY

### Pubers & Poen/Young adults and Money, Tips for parents

Did you know that children who learn how to use money from their parents will easier make ends meet later in life and have less chance of financial problems or debt? Parents play an important role when it comes to their child's financial future. That is why we organize this lecture in collaboration with Gemeente Waalre and CMD.

How do you start a conversation with your adolescent about pocket money, clothing and telephone money? What boundaries should you set? What example do you give your child with your own behavior? Eef van Opdorp, financial coach and known from multiple TV shows (e.g. Uitstel van Executie) provides an exciting evening where you will receive information and useful tips in a fun way.

Thursday 18 March, 7.30 p.m. – 9.30 p.m.  
More information and tickets via [this](#) link.
