## PLEASURE IN READING

### Jeugdbibliotheek.nl renewed

The website [jeugdbibliotheek.nl](https://jeugdbibliotheek.nl) has been completely renewed. The focus is now more on digital reading and book tips from children.

You can go to the renewed website for the favourite books of influencers, inspiration for your paper or presentation, or that one book that really suits you. There is an extra section about reading for the booklist and information about dyslexia. The site is again divided into three age groups: 0-6 years, 6-12 years and 12-18 years. That way you can find what you are looking for faster and better.

## MEDIA LITERACY

There are a lot of apps for children in the Appstore and Playstore. But which apps are suitable? On [this page](#) you can find our selection. For example, you will find apps that match (picture) books or apps you can use to create your own story.

## TIP FROM THE LIBRARY

To help children and parents choose a new book, we have recently started making book vlogs that we share on our social media channels. For example, in the past weeks we have suggested:

- Raaf en papegaai naar het land van de rijzende zon – Li Lefébure (6+ years)
- De jongen en de walvis – Linde Faas (3+ years)
- Spreek je chocola? – Cas Lester (group 7/8)
